Virtual Instructor-Led Training (vILT)

## Introduction to ExcelExpress in TITAN<sup>®</sup>

# Virtual Instructor-Led Training – ATL TITAN® LIMS

## *Introduction to ExcelExpress in TITAN®*

Accelerated Technology Laboratories, Inc. is excited to offer virtual Instructor-Led Training (vILT) courses for ATL Sample Master® LIMS. *Introduction to ExcelExpress in TITAN®* takes full advantage of the benefits of vILT delivery and is a live, online course that eliminates the typical travel and time costs associated with traditional classroom training.

### Course Summary

*Introduction to ExcelExpress in TITAN®* will focus on teaching the primary skills in importing result data with Excel into TITAN® using our ExcelExpress plugin. The course will go over: 1) the use of buttons and configuration of ExcelExpress; 2) valid fields that can be used in importing; 3) importing result data from Excel to TITAN®.

### Course Curriculum

FALL 2023 – SESSION SCHEDULE		
Session	Topics Covered	Session Date/Time
Session #1	Using the buttons with ExcelExpress; importing data from Excel TITAN®.	Thursday, Oct 10 1:00 – 3:00PM EDT

### Course Objectives

Upon completion of this course, students will gain:

- How to setup Excel sheets for importing result data into TITAN®.
- How to import result data from Excel to TITAN®.

### Who Should Attend?

Experienced TITAN® LIMS users wishing to import result data from Excel into TITAN®

### Benefits of virtual Instructor-Led Training (vILT) Delivery

ATL believes that vILT delivery will provide its students with a number of benefits over traditional classroom training including the following:

- Reduced cost – vILT is live training delivered over the Internet, eliminating travel and time costs.
- Convenience – vILT students can participate wherever they want as long as they have access to the Internet and a computer with minimum technical requirements.
- Powerful collaborative tools – the vILT training platform ATL leverages state-of-the-art tools and incorporates live audio/video and screen sharing.
- Modular scheduling – to allow our students to integrate training into their normal work schedule, ATL is breaking up the course in sessions of 1-2 hours and scheduling these sessions over a period of time. The sessions will also be recorded – a benefit when schedules change unexpectedly or if students want to review certain elements of the training.

### Pricing and Registration

The price of the *Introduction to ExcelExpress in TITAN®* course is \$395 per student. This includes the cost of student materials and all administrative costs. To register for this course and to see details on all our training offerings, please go to [www.atlab.com/services-training/vilt/](http://www.atlab.com/services-training/vilt/).

For questions on our vILT course offerings please contact ATL at 800-565-LIMS or [info@atlab.com](mailto:info@atlab.com).
